

N.Z.H.R.A. Zone2 Memorial Run

July 2010

To all Zone 2 Hot Rod Clubs,

Late last year the details of the proposed Zone 2 Annual Memorial Run were finalised with all member clubs in Auckland. The date was agreed as the third Sunday of August and 3 clubs in West Auckland agreed to organise the first event with a roster set for the future years.

Mid West, Harbour City and the Oogah Rodders have been finalising the framework for the inaugural event which combines a memorial run with recognition of those past NZHRA Auckland club members who are no longer with us. We were aware that there are several runs currently held for different people, and our aim was to unite all memorial runs so that all can be remembered at the one time.

We would like to invite your club members, together with families and friends of those members who have passed on to attend the first run of Sunday, 15th August 2010. The run will depart from Alexandra Park at 11.30am and travel a scenic route to arrive at Swanson RSA at approximately 1.00pm. A brief presentation will be held, where the names of our deceased friends will be read out as one, and a minutes silence will be observed in their honour. There will be time afterwards to purchase lunch from the RSA kitchen and a beverage if you wish and reminisce at your leisure.

There will be a gold coin donation at the end of the run, with all proceeds going to this year's charity; The Cancer Society.

We invite all clubs to put forward the names of past members to be added to our memorial list, and also pass on this invite to friends and families of the deceased, that you think may wish to participate in this event.

Please contact either your delegate or Lance Walsh on Bus (09)8380223 or (Mobile) 0272682467 for further information or to pass on names of persons to be remembered.

The format for this run has been keenly debated by the zone delegates so looking forward to hearing from you and seeing you all on the day.
