

New Plymouth Rodders

55th Anniversary

6th - 8th June 2025

A Brief History

In 1970, an advertisement appeared in the local newspaper calling for expressions of interest in forming a new hot rod club in New Plymouth. This initiative attracted a small group of passionate hot rodding enthusiasts who shared a common interest in modifying and showcasing their vehicles. From this humble beginning, New Plymouth Rodders was established and soon affiliated with the New Zealand Hot Rod Association (NZHRA). Over the past 55 years, the club has grown and thrived, fostering a vibrant community of car enthusiasts dedicated to the spirit of hot rodding and muscle cars.
