

Donna Muir

I have just reached my 10th anniversary for working for NZHRA. I started in January 2015 as the part time Office Assistant and then moved on to the Office Administrator role in 2016.

I am married to Athal and we both enjoy the hot rod scene but unfortunately we don't have one at this stage. It is a dream that we hope to make reality one day.

In my spare time, I enjoy craft work especially making cards for friends and family and a day out shopping with friends or just having a coffee with them.

I have made lifelong friendships through the Association and enjoy meeting up at events and catching up them.

Donna
